"Educating Georgia's Future"

**Georgia Department of Education  
Item for State Board of Education Approval  
– Grant –**

**Item Name**

FP – Grant – FY20 State Allocation-Therapeutic Services Reimbursement for GNETS Fiscal Agents

**Recommendation – Action Item**

It is recommended that the State Board of Education authorize the State School Superintendent to reimburse GNETS fiscal agents at cost not to exceed \$846,578.00 in State funds for covering the costs incurred by GNETS to provide therapeutic counseling services to children with identified significant mental health and behavioral needs.

**Supports the Following Education Goal or Goals in the Agency Strategic Plan**

- Expand educational opportunities in order to maximize student engagement, meet a variety of student interests, and ensure the relevance of learning
- Measurable Outcome and Deliverable: The number and percent of students provided with direct clinical therapeutic counseling and services.

**Rationale**

The ratio for students to therapeutic staff were reviewed by GaDOE during annual onsite monitoring to determine how well each GNETS implemented the strategic plan and state gaps analysis. The onsite monitoring and gap analysis continues to reflect that some GNETS had a high student to therapeutic staff ratio and/or could not afford to hire therapeutic staff because the 2018-19 GNETS grant funds were not sufficient for some GNETS to cover the cost of direct therapeutic services. Reimbursing GNETS fiscal agents for additional therapeutic staff allows GNETS to better meet the needs of students and it allows GaDOE to only reimburse those funds used to fill the gap identified during onsite monitoring and state gap analysis review.
